## **DID YOU KNOW.....?**

(What all Tax Professionals should know!)

We've all had those "light bulb" moments when we realize that we've been missing out on a great deduction for a client or have overlooked a perfect tax planning opportunity. These revelations come from many sources. Sometimes it's the one really useful piece of information we learn at a seminar, or a colleague mentions something at lunch that gets us to thinking, or we are researching another topic and come across something totally unexpected, and sometimes clients even bring us a newspaper clipping that presents a great idea. Hundreds of preparers have shared their most useful tidbits of tax preparation knowledge for this seminar. You'll have at least one "AH HAH!" moment, guaranteed!

### **Approved by CTEC for 4 Federal hours continuing education**

This presentation has been designed to meet requirements of the office of Professional Responsibility of the Internal Revenue Service, The California State Board of Accountancy and The California Tax Education Council, including Code 31 of Federal Regulation 10.6(g).
